FINAL GRANT REPORT

When the Snow Redfern Foundation awards a grant, we enter a partnership with you that we hope will be congruent with the Snow Redfern legacy of positively impacting disadvantaged and at-risk youth. As a primary tool used to measure success and achievement of outcomes, the Final Grant Report strengthens the Foundation’s grant-making program by identifying new directions, community needs, and issues affecting youth. We ask for your honest, critical attention in completing this report and understand that rarely does anything go completely according to plans. We are interested in what contributed to the success of your project, as well as challenges that made it more difficult to achieve. For grants awarded for the period of December 1, 2021 through November 30, 2022, please complete and return this form no later than December 31, 2022. Future grant applications will not be accepted without prior submission of the Final Grant Report from the previous period.
